

# HELLO, WE ARE

UTAH URBAN RURAL SPECIALIZED

## ABOUT US

Utah Urban, Rural & Specialized Transit Association (URSTA) is a statewide organization that began in 1988. We provide training, education, advocacy and networking for transit providers and their employees in Utah. URSTA is dedicated to improving public transportation in all Utah communities.

## OUR PURPOSE

URSTA's mission is to advance rural public and specialized transit through training, coordination and advocacy. Our vision is to empower transit partners through meaningful connections, professional development, community resources and innovation. We promote safe, efficient, effective and economical transportation for clients of

human service agencies and transit agencies. We provide risk management programs including driver training, vehicle inspections and maintenance, and facilitate management training. We arrange state and regional training based on the needs of transportation agencies and their employees.

## OUR SERVICE

### Training Education

Our goal is to build strong networks of fixed route and specialized transportation services. We provide training, education, advocacy and networking for transit providers.

### Safe Environments

URSTA delivers risk management programs including driver training, vehicle inspections and maintenance, and facilitate management training.

### Skills Testing

URSTA hosts an annual Rodeo to bring drivers together to test their skills on a challenging obstacle course. We send the winners to the National CTAA Rodeo.
